

Shared Value Summit 2018

November 29 | Taj Land's End, Mumbai

Sustainable Development Goals

Goals to transform our World

The UN Sustainable Development Goals built on the success of Millennium Development Goals have kickstarted a global movement to address the pressing issues that the world is facing today. The achievement of these goals is dependent on the commitment from world leaders, businesses and society to build a more sustainable, safer and prosperous planet. Shared Value Initiative aims to act as one of the platforms for the execution of multiple initiatives that push a region, state or country towards the achievement of the goals via scalable and replicable solutions.

Shared Value Summit 2018 is the fourth cohort of the summit which is conducted by the Shared Value Initiative India. The theme for this year's summit is **"Goals to Transform Our World."** The summit brings together all the stakeholders who can enable and support each other to create shared value.
